## **New NRA Expert**

We are proud to announce the DSC's newest NRA Expert – Gavin Eschtruth.

Gavin and his twin brother joined our ranks this past February. Gavin chose to stay with Jr. Rifle while his twin brother preferred to stay with the Jr. Pistol program. We are glad he decided to stay with our team as he accomplished the NRA Expert Program in record time – about 3-months. He shot the required scores or better for more than 140 bullseyes in the four shooting positions (prone, sitting, kneeling, and standing) all from 50 ft. Gavin is a true talent behind the trigger of a target rifle.

## DSC SCHOLARSHIP FUNDRAISER

The club is hosting a fundraiser at Jimmy Johns Field Friday, July 12. Tickets are \$40 adults & \$30 for kids. Admission includes an unlimited BBQ dinner buffet, soft drinks and two adult drink tickets.

Proceeds benefit the DSC scholarship fund. See ad inside the P & K or contact Christine Tonegatto-Salo at (cell) 586 801-0081 or email catsusmc@gmail.com

Last day to buy tickets at the club is July 1. Tickets can still be purchased through the stadium box office up to the July 12 DSC event.

Next General Membership Meeting Aug. 7 @ 8 p.m. June General Membership Drawing Member Eric Losty missed out on \$300 August has \$350 up for grabs. Must be present to win.

This very quiet and polite young man resides with his family in Auburn Hills. He is a 15-year-old 10th grader at Rochester Adams High School. Like most young people his age, other hobbies take up his spare time such as video gaming, running cross country, wrestling and skiing.

His plans for the future involve becoming a better smallbore competitor as well as finishing his high school education.

He would like to attend the U.S. Military Academy at West Point, where I'm sure he would make a fine officer.

His shooting accomplishments to date include this NRA Expert Classification and participating in his first competitive match at the DSC in May, the State Sectional Championship. Here he experienced the stress and glory of competing against other shoot-

ers. Gavin enjoys shooting because "it is hard and different from other sports".

The entire team and coaching staff from the DSC Jr. Rifle extend their best wishes for Gavin in his future endeavors. Trust me, you will be hearing much more of this talented young man in the future.

The third special event this month is the 2019 Michigan Smallbore Silhouette Rifle Cham-This is a two-day pionship. event. Saturday, July 27 is the Smallbore Standard Rifle match with the Hunting Rifle match on Sunday. This is a regulation NRA Smallbore Silhouette. Practice starts at 9 a.m. each day with the matches starting at 10:30 a.m. The fee for adults is \$30 and \$15 for juniors. A second rifle is \$20. There are awards for the class winners. If you don't want to shoot it, you might just want to come and check it out. There are usually some pretty good silhouette shooters at this event.

events is available on-line at <a href="http://www.d-s-c.org/">http://www.d-s-c.org/</a> index.html. `

Finally, here is your Black Powder note of the month. Black Powder is not as hard on your hearing as are modern centerfire rifles. Frequently, I only use ear plugs while shooting black powder. I don't need the plugs/muffs combo that I need on the rifle range. Black powder is not as hard on your hearing for two reasons. The barrels are longer so the sound source is farther from your ear but more importantly, the velocities are a lot lower, the sound is more of a push than a jab. The roof at the rifle range tends to hold the sounds in place whereas if you are out in the open the sound has a chance to dissipate. The use of muzzle breaks is increasing on the rifle range and those are REALLY loud. Walter Opdycke

#### *The US Cavalry (1865-1890) – Notable Leaders* **"General George Crook"** (1828-1890).

Unorthodox, courageous, and resourceful, **George Crook** was known among his Native American foes as "**Gray Fox"**. Crook was a career Army officer who commanded an Ohio regiment at the beginning of the Civil War. Around 1867, he was assigned to the West where General Sheridan command-

ed the Dept. of the Missouri. an innovative young As officer, he learned to fight frontier-style, emulating the guerilla tactics of the Native American warriors and living off the land while in the field. Other unprecedented practices for the times included drilling his soldiers and instructing them in shooting at Most famously, targets. Crook fought Apaches in the early 1870s. then the Lakota at the June 1876 Battle of the Rosebud. In 1882, he was transferred back to Arizona to find Geronimo and his band

of Apaches. Two keys to Crook's success against various hostile tribes were his use of pack trains, which provided more greater mobility in the field than wagon trains, and the liberal employment of Native American Scouts who were eager to settle old scores with enemy tribes. Crook was an avid outdoor enthusiast, sometimes ranging ahead of his column on solitary hunting and scouting forays. His personal explorations familiarized him with the terrain where he would campaign, and he regularly provided fresh meat to his comrades. A steady man, Crook fought Indians but also tried desperately to get the government to live up to the promises it made to the Native Americans. In 1888, Crook was promoted to major general, but two years later he died at age 60. Some of his former Native American opponents wept at the news, and the Lakota Chief, Red Cloud, stated, "he never lied to us". General George Crook is buried at Arlington National Cemetery.

# **DSC General Membership Monthly Meeting**

June 5, 2019—Clubhouse 8:00 pm

Pledge of Allegiance: R. Savo

Conservation Pledge: R. Savo

Moment of Silence: A Moment of Silence was held for members David Roddy and Gene Adam.

Special Guest: Kim Enders from the Shelby Community Foundation presented the DSC \$1,000 Scholarship to Adriana Jarrett.

**Presidents Report:** (R. Savo) Past President and the Life Members were recognized. •The septic system has been installed at Sporting Clays. The water table is only 18 inches underground. The septic tanks have to go down 8 feet. We had three pumps working overtime to keep the water pumped out so we could line the bottom of the hole with crushed stone • The steel building is still moving forward. We are still waiting for a soil erosion inspection. • The LED lighting in the basement range is done. • Florence Concrete is installing the batch plant with us again this year. • Mr. Saylor has built two additional pistol bays (bays eight and nine) for the USPSA match. One is a chronometer bay to make sure the ammo used in the match is of the proper power level. • The concrete on the 50-yard pistol range has been removed. • There will be no July General Membership meeting. Please come out and help with the fireworks parking.

**Secretary's Report:** (R. Hegelman) The May GM Meeting minutes are on the table by the door and in the book behind the bar, as are the April BOD Meeting minutes.

**Treasurers Report:** (D. Purdie) The financial results for April 2019 are available. Our YTD income for April is \$416,094.09. YTD expenses were \$300,915.68. The YTD net through April is \$115,178.41. Income for the month of April was \$104,926.87. Expenses for April are \$59,016.20. April net is \$45,910.67. • Our loan balance is \$112,954.89. This is a good thing, and the numbers seem to be trending up as the spring and summer business increases. We sign checks weekly for between \$16K and \$18K. Today was an exception as I signed checks for \$50,782. • The Pro Shop is ahead for the year by \$4,000. • The BOD has a responsibility to look forward at upcoming expenses. However if the proper procedures are not followed, such as a motion brought up that the Trustees have never even seen, it causes everything to come to a stop. If your venue has expenses planned, the proper procedures must be followed, otherwise we are unable to consider the motion as submitted. • The financial reports are in a book behind the bar if you want to take a look at them.

1<sup>st</sup> Vice President's Report: (J. Estes) I am the Chairman of the Grounds and Planning committee. We have a lot of painting that needs to be done around the club. We also need to have the ground raked so we can plant grass. We also need to have some concrete work done. • We have an erosion problem with the ground behind the office. It is caused by the culvert going under Dequindre road. The county inspector was supposed to come out and look at it and send us a letter outlining what has to be done, but he has not come out yet to do his job. • The Planning committee is working on replacing the sidewalks on skeet and trap at they need replacement. • The fireworks event is on June 26. We need volunteers to assist setup the day before, assist parking during the fireworks event, and the day after the event for cleanup. The next Life Membership meeting and dinner is June 9 at 2 p.m. in the clubhouse.

2<sup>nd</sup> Vice Presidents Report: We will be closing the ranges at 4 p.m. for the fireworks June 26. We had an interesting incident report. Mr. Estes opened the cowboy range for practice one day and found a bicycle chained to a support. Mr. Estes walked around and could not find the owner so he opened the range. Shortly thereafter the owner walked from the top of the berm down to the bullet impact area to retrieve his bicycle while the range was hot. Mr. Estes called an immediate cease fire and he and another member escorted the owner off the range. While the owner was apparently incoherent it seems that he is a local person. It must be stressed that this could happen on any of our ranges. We will be on the lookout for this person and we will take steps so he is not on our property. This was a scary incident, but no one was hurt it turned out OK. • With the non-ending rain we cannot get our mowers to cut the grass. If the grass is too tall, get with your committee as push mowers and weed whackers will work on the worst areas until we can get mowers out. Also the mosquitos and ticks are thriving we are looking at using insecticides. If you are using them, make sure to use them according to the directions on the container. Otherwise things are going well.

#### Trustees Report: Nothing to report.

**Chairman's Report:** (J. Lupi) The BOD met on May 20 and there was considerable discussion on using the procedures already in place such as filling out POs, RABs, and the motions that come with it. We, at the BOD level we are seeing people putting substantial expenses on their credit cards and them coming to the business office and asking for payment. As your elected representatives we are charged with the responsibility of making sure there is a paper trail for every expenditure of this club. Without a PO, a RAB, and a motion tied to those documents, the business will not release any funds, as charged by the BOD. At the chairman's meeting I explained our procedure with POs and release against budget. It was made crystal clear to the committee chairs at the meeting what is going to happen if a motion comes to the BOD without the Trustees having seen the PO and the RAB. It will be postponed. If you have a \$3,000 charge on your credit card, you will wait a month until we see the proper paperwork to go with the motion. I said this to the BOD, I said this to the committee chairs and now I am saying it to the general membership. If you come to the BOD, and the Trustees have not approved it, we will move on. This does not mean we will not pay it, but it will sit until the proper procedure is followed. • Mr. Lupi covered the motions brought to the BOD in May with the members present.

**Operations Manager Report:** (B. Palmer) Nothing to report.

Members of the Month: For June, Rich Bolterstein, for July, Walt Korszylowskyj.

## Archery

The year is half over, but outdoor archery is just getting rolling. With the amount of rain this spring, the 3-D archery range is in relatively good shape and some sunshine will dry it out nicely.

As usual, the archery 3-D range will be open Saturdays and Sundays from 9 a.m to 3:30 p.m. The exception will be July 6, the range will be closed for Independence Day. A quick shout out to all the archery range officers... Thank you for your support, we currently have every weekend covered for 2019 CY.

The Archery spring 3-D league is finishing up July 8 after a very wet start. After everyone finishes shooting, there will be a pot luck banquet with prizes. Currently there is a tie for first place between the teams of Ron Mifflin / Mike Long and Harold Black / Kevin Esslink. However, with 3 weeks to go it is still anyone's game to win since there are several teams right behind them.

There will be Monday evening work bees after the end of the spring league for anyone who needs work hours. Work bees will be Mondays, July 15 and 22 from 4 p.m. to dark. We will be setting up for the fall 3-D league, that starts July 29 and runs for 8 weeks and finishing Sep. 23 with prizes and a banquet. The league runs 4:30 to 8 p.m.
