The DSC Junior Shotgun Scholastic Clay Target Program team competed against teams from North Macomb Sportsmen's Club, Orchard Lake Saint Mary's and Multi Lakes at a fun shoot at North Macomb Sportsmen's Club April 23. Our team demonstrated how focused practice leads to success by taking multiple individual and squad first place medals in both skeet and trap.

## JOAD Archery

The Archery Committee started the Junior Olympic Archery Development classes for the summer. We have a great turn out of adults and youth learning about archery. The students are learning about archery safety, how to draw a bow by using a looped string then the instructors teach the archers to shoot at the target.

As the archers get better, the staff will add their scores to the student USA archery database. This data base will show what class the archer is shooting and what pin they earn. The pins are base based on how well they score within the distance they are shooting. What is great about using the USA system, is that the adults can go and shoot at major tournaments of their choosing. The junior shooters can do the same, plus it allows colleges to see how well they are in the sport of archery. This gives the juniors an opportunity to earn scholarships to a college or university.

If you would like to come out and see what going on, please come down the hill below the clubhouse and visit us. The students and staff are having a great time learning about archery. Even the turkeys and deer are coming out of woods to see the fun.

Additionally you can sign up for the second JOAD session, starting July 14. See the flyer in the P & K or on the DSC website.

## Black Powder

This month there are two special events for the Black Powder Committee.

The first is the June 12 monthly muzzleloader woods walk. Attendance has been picking up at this event. This may simply be due to nice weather or it is possible that since DSC shooters have been venturing out to other venues, that other shooters have heard about the DSC shoots. In any case, it is a fun event and the food isn't half bad either.

The second special event is the annual .22LR pistol woods walk June 18. In this event, you shoot your favorite .22 pistol at the same target we use for the muzzleloader woods walk. This is usually one of the best attended special woods walks. I am sure that part of the reason is that the targets vary in size, shape and distance and that the bullet makes a noise when it hits the target. Compare that with your usual paper targets on the indoor range.

For more information, see the flyers in this issue of the P&K or consult the "coming events" page on our website [Coming Events - Detroit Sportsmen's Congress \(dscweb.org\)](http://dscweb.org).

## Prominent Stage Lines of the Old West The Overland Mail Company

As was explained in the May P & K issue, the "Jackass Mail" also known as **The San Antonio and San Diego (SA&SD) Mail Line**, was the first transcontinental mail service, in the history of our country, that brought mail from San Antonio, Texas to San Diego, California. The SA&SD mail service only ran twice per month and did not cover key cities such as San Francisco. Around September 16, 1857, the Postmaster General awarded a contract for \$600,000 for six years to John Butterfield. Butterfield met the terms for building the trail and started service from San Francisco. John Butterfield, the president of this company, officially designated it **The Overland Mail Company (OMC)**. Although Butterfield's Overland Mail Company did travel on some of the trails made by the SA&SD Mail Line, the OMC made significant new improvements by building new sections to shorten the trail. In Arizona, the OMC built twenty-three new stage relay stations. The SA&SD started its service on July 24, 1857 and ran until December 1858. The Overland Mail Company started its service in mid-September 1858. SA&SD and OMC services overlapped each other. SA&SD benefited by the new trail sections that OMC built for about three months. Since the OMC route had two starting points, one in St. Louis and the other in Memphis, Tennessee it was better positioned to receive mail from the northeastern and southeastern United States for delivery to San Francisco. Because the Overland Mail route started in St. Louis, MO, it truly connected the East to the West in 1858. St. Louis was the jumping-off point for the Western Frontier. An interesting fact about Butterfield's Overland Mail Company is that **no Overland Mail Company stage on the Southern Trail was ever held up by outlaws**. It was forbidden to ship any valuables on Overland Mail Company stages. In the company's Special Instructions issued to all employees, Butterfield issued Order No. 8 stating that "No money, jewelry, bank notes, or valuables of any nature, will be allowed to be carried under any circumstances whatever."

## Camping

Our 2022 camping season is here and we are excited for summer's arrival. It may have been a cold and wet spring, but we are now in May and the weather is warm, sunny and inviting.

A hearty welcome to all our new campers and a "Good to see you!" to all our seasoned campers. We have a lot of fun activities planned throughout this year's camping season. So be sure to read the P&K and follow us on Facebook at *Detroit Sportsmen's Congress Horseshoe Lake Campground* for upcoming activities, photos and updates.

We celebrated Mother's Day with *Muffins with Mom* and children had an opportunity to make crafts.

Memorial Day Weekend is right around the corner and we have many activities planned. There will be a movie night, a youth bake sale, kickball and the campground's annual Opening Ceremony. During the ceremony we will pay tribute to the service men and women, and DSC members we have lost.

Finally, the youth store by the lake still needs a few volunteers to help out on weekends. If you would like to volunteer a couple hours of your time, please see the campground's Facebook page for additional details. Teens are encouraged to help out.

## Rifle

June is a busy month for the rifle range. The rifle leagues are in full swing and open shooting is every Saturday and Sunday. In addition, there are three special events that I would like to draw to your attention.

First, is the Michigan Rifle and Pistol Association State Smallbore Silhouette Championship June 4 & 5. There will be no league or open shooting that weekend. If you have been on the rifle range, you will recall the four strange mounds that run along the right side of the range. These are the backstops for smallbore silhouette. The little steel frames hold small targets shaped to look like chicken, pig, turkey and ram silhouettes. Competitors shoot .22LR rifles off hand at these targets. It's a real challenge.

Second, is an AR-15 Basic Rifle Clinic Sunday, June 12. This event is put on by the education committee and will cover what you need to know to feed and care for your new AR-15 rifle. We see a lot of new shooters with AR-15s so this training is welcome. Note that the rifle range will be closed for open shooting on this date.

Finally, for the first time in years, the DSC is hosting a basic rifle class for adults and juniors June 25 & 26. This will be held in the Clubhouse with shooting over on the basement range. This is the NRA course and is a great introduction to rifle shooting as you learn position shooting, safety, cleaning and more.

For more information on any of these events, see the flyers in this issue of the P&K or consult the "coming events" page on our website [Coming Events - Detroit Sportsmen's Congress \(dscweb.org\)](http://www.dscweb.org).

## Archery

The spring archery outdoor 3-D league has been a success with 25 two-person teams shooting. The league ends June 20 with a banquet and prizes.

Work bees follow the end of the spring league. They will be June 27, July 11 & 18 from 5 p.m. to dusk. The exception will be June 27 when there will be an Archery Committee meeting starting at 7 p.m.

Most weekends throughout the summer, the archery 3D range will be open Saturdays and Sundays from 9 a.m. to 3 p.m. The range will be closed June 4 for Memorial Day.

This spring there has been a group of dedicated members who have been working hard on completing an addition to the indoor archery range. While not completed yet, there has been great progress on the addition. A huge thank you to those who have been involved in this construction. I apologize if I missed anyone, but thank you to Bill Saylor, Byron Hamm, Dave Oles, Don Przybylski, Jerry LeRoy, Jim Estes, John Klobuchar, John Mitchell, and Russ Mayes.
