New Members

New members (from left to right) Steve Carlson, Bruce Saunders, Gloster Burton and Erinn McIver attend their first general membership meeting. Welcome!

Education

Colton DeChambeau is the DSC's newest Distinguished Expert in Rifle. Above he displays his medal and certificate he was awarded at the April general membership meeting.

Colton is a 10th grader at Stevenson High School and has been shooting with the DSC junior program for a little more than two years. He loves the consistency and challenge that shooting presents. Colton appreciates all the nice and helpful people he has met in the shooting sports.

His additional school activities include marching band, solo and ensemble as a drummer. He also participates in track and field events.

He likes riding dirt bikes and fishing outside of school.

His future plans include applying to the Air Force Academy and hopefully become a F22 Raptor pilot.

Robert Overbaugh

Rob was a DSC member since 2009. He was very active with the education and pistol committees. Also he was a certified NRA instructor and RSO.

Rob helped install the new electrical system at the campground.

DSC History

Archery has been a part of the DSC since 1948. The early years of archery were made up of mainly archers who enjoyed bow hunting and wanted a place to practice.

The original field range was established in 1952. Over the years, archers became more interested in target archery. The field archery range evolved into a filed/hunter range, that proved to satisfy both target archers and bow hunters alike.

Pistol

The 2026 Winter Police Practical Combat league has come to a successful end. Bob Seidl was able to coordinate 24 shooters to complete 10 scored rounds and countless practice ones.

Special thanks to the ROs that called the lines and to the shooters who came in early and/or stayed late to set up or break down the range. This season, several new shooters joined the league to test their metal against our veteran crew.

As a final celebration, we took over the Mexican Village restaurant until asked to leave. It was also a birthday celebration for one of our infamous life members.

The Wednesday night sessions were great primers for various competitions in the Detroit Area. Our club has already won several prizes and represented the DSC proudly with a couple more competitions still to come; good luck to all who enter.

If the PPC format is unfamiliar to you, its is basically shooting at silhouette targets from 21 and 50 feet and from the prone, seated, kneeling and standing positions. Two strings are shot from non-dominant hand and include the use of a barricade.

For more information, contact Bob Seidl, rjseidl@hotmail.com, for a detailed course of fire. I look forward to shooting with everyone in the fall. Time to brush the dust off the long arms for the summer leagues.

Denis Mikitchook

Rifle

It's May and the summer leagues have started, which run through September.

The High Power League shoots Friday and Saturday mornings and Wednesdays in the afternoon.

Sporting rifle shoots Thursday afternoons and Sunday mornings.

Senior Smallbore shoots Tuesday afternoons, although they mainly shoot the smallbore silhouette course-of-fire.

The Smallbore silhouette league shoots Saturday afternoons following open shooting.

There is plenty of league action at the DSC and the our shooters are always eager to help new shooters. Come out and give one of them a try.

If you want more information on any of the leagues, show up at one of the leagues or attend a rifle committee meeting. League forms and descriptions are available on the website rifle page.

Rifle shooters should also note that the Black Powder committee is hosting their annual Service Rifle Woods Walk Sunday, May 16. This is a fun shoot down on the Black Powder range. The targets are hanging steel plates of various sizes and shapes, shot at distances of 25 - 60 yards. Sometimes it can be a real challenge as the morning sun can be in your eyes while the targets are in the shade. It's a popular event. For more information, see the flyer in this issue of the P&K or on the "Coming Events" page of the dscweb.org website

Open shooting is now expanded to both Saturdays and Sundays for the summer and runs an hour later. This means we need twice as many range officers per week as we do in the winter. If you are currently a range officer, please help by volunteering to RO. To reserve a time slot, contact Greg Mason at grgmason207@gmail.com.

If you are not a range officer, please consider becoming one. It's an easy way to acquire your needed DSC work hours.

Hunter's Education

The Detroit Sportsmen's Congress just completed another successful hunter's education class. The DSC has presented hunter's education classes since September 1950. During the original class, Jim Delaney was the only instructor with 25 students present.

Well done to all those who participated in the spring Traditional and Field Day Hunter Education classes. More than 20 volunteers contributed to the success of our spring class with 82 students taking home their coveted orange certification card.

Saturday started with the lecture portion of the class led by our Hunter Education Volunteer Instructors with DNR Conservation Officers finishing the day, covering hunting regulations. The DNR officers are always a highlight at the end of Saturday's lecture session.

Sunday morning class, usually called field day, started with a continuation of lecture items, test review and then the test. Once the test is complete the field day (practicals) portion took over. It is called practicals, because it is hands on.

SAFETY/FIELD

Each student handles and operates all the long gun actions, semi-auto, pump, break, bolt and lever. They are taught proper mounting then questioned on firearm safety rules and how to identify what ammunition is used in the firearm being handled. Students go through simulations while operating the actions and safeties. All this takes place on a shotgun field. No ammunition is used during this training.

SHOTGUN

On a shotgun field, students are fitted with an over/under or pump action shotgun with their choice of 12 or 20 gauge and for the youngest, a 410 single shot. Instructors position the students to shoot at flying clay targets to simulate bird hunting.

Students are asked questions about the actions being handled to include safety operation, ammunition selection and proper mounting. Smiles appear on the faces of those who hit and break the targets.

COMPASS

The next training area is Compass. With a compass in hand, each student has the opportunity to learn the values and reasons for having a compass while hunting. Cell phone usage is also covered. At completion, each student leaves with the knowledge to develop an important skill used while hunting in the field.

RIFLE

The fourth training practical is on the indoor basement range. While using a 22 bolt action rifle, students are coached on proper mounting, loading, firing a shot and unloading. Proper ammunition selection is also covered.

The new hunters test their skill shooting 5 shots while standing at deer targets from 25 feet. Targets are kept as a keepsake by the newly minted certified hunters young and old.

The Hunter Education Program could not be possible without the volunteers at Detroit Sportsmen's Congress. If you would like to become a volunteer contact Chris Tomkow at shotgun.

Chris Tomkow

Conservation Officer Deppen and Sgt. Danielle Zubek listen to Conservation Officer Kris Kiel explain Michigan hunting laws during the spring hunter's education class April 11.

Conservation Officer Kris Kiel lectures students on hunting laws during the spring hunter's education class April 11.

DETROIT SPORTSMEN'S CONGRESS ~ GENERAL MEMBERSHIP MEETING ~ April 1, 2026

President (B. Savo reporting**):** Asked for a moment of silence for 3 recently passed members: Nancy McDaniels, Carl McDaniels, Bruce Wilson. The past presidents and life members present were recognized. Announced there will be no general membership meeting in June and July. With spring here, Mr. Savo highlighted there is much to do to get the club ready for the outdoor season and volunteers are need – a great way to get work hours. Junior small bore rifle shooter Colton DeChambeau was recognized and congratulated for achieving Distinguished Expert in 2yrs, a remarkably short time.

1st Vice President: (J. Klobuchar) Landfill pump has now started to flow, but not at rate needed – will be investigated now weather has improved. This pump is critical to DSC operations and our 50 year commitment. Mr. Klobuchar reinforced Mr. Savo's comments regarding lots to do now to get club ready, and help is needed – again, great way to get work hours and help the club. Contact him or the committees to see where you can help. And help with the numerous painting projects is always needed. Reminder given to report repair issues that the committee cannot do themselves.

2nd Vice President: (R. Plante) Not present, no report.

Secretary's Report: (T. Crockatt) Reminded members that the Jan. meeting minutes are in the P&K and in the clubhouse.

Treasurer's Report: (R. Savo) February financials were reported. Feb: income = $116,604; expenses = $78,496; net = $32,108 YTD: income = $348,649; expenses = $146,891; net = $201,757. Mr. Savo again commented that Jan & Feb always look good due to the front loading of membership and campground income early in the year. However, this is not a good start as all but 2 committees continue to operate in the red – committees were asked to focus on generating income (as well as managing expenses). The recently passed range fee increases (first in 10 years) reflect the reality of higher expenses.

Trustee: (T. Murphy) No report.

Trustee: (E. Silarski) No report.

Trustee: (C. Salo) No report.

Chairman's Report: (J. Lupi) The BOD met in Jan. and Feb. with those business items reported previously via a DSC wide email. The BOD met most recently on March 23 and discussed these business matters:

Motion to run a 4-month Google ad campaign for the DSC Campground, Cost $4000. POSTPONED

Motion to approve logo on decals and magnets. Cost not to exceed $300. WITHDRAWN

Motion to exempt Toys for Tots Shoots from the range fee requirement for matches. APPROVED

Motion to reduce .22 Steel match non-member fees. FAILED

Motion to repair rifle target bases (previously returned to committee). Cost not to exceed $6000. APPROVED

Motion to allow an affiliate State or National club members a match discount rate ($5) on the DSC Cowboy range. APPROVED

Motion to increase shooting rates for rifle, pistol, archery, BP, and cowboy effective June 1, 2026 (per the proposed rate chart for indoor and outdoor ranges). APPROVED. A member questioned the rationale for the rate increases. Chairman Lupi replied that increased income is needed due to rising expenses.

Operations Manager: Ms. Palmer gave reminder that Friday April 3 is the last fish fry dinner. She also announced her intention to retire at the end of the year.

Member of the Month: February Mmember of the month are Bill Saylor and John Klobuchar. March member of the month is Bill O'Connell (who retired effective April 1). April member of the month is Ed Torres.

Open shooting is still Sundays 11 a.m. – 3 p.m. Check the P&K and website for more information. Next committee meeting is tomorrow night at 7:30 p.m.
Skeet & Trap: Mr. Klobuchar mentioned that monthly fun shoots are being planned for the last Sunday every month. Aprils fun shoot will be a "bracket" shoot like NCAA march madness brackets. And a new shotgun event has started: "make-a-break" – where 2 shooters strategize how best to outscore the other.
Sporting Clays: The course is open and members and guests are encouraged to participate.
WOA: Next meeting is April 9 at 7 p.m. range building. In May the WOA will re-start Monday night pistol range open shooting as well as hosting the Friday night skeet & trap 6 –8 p.m.

Work Hours: Done and available next 1-2 days. Reminder to print full name legibly, fill in all entries, and use correct member number! Both the hard and electronic copies of the work sheets need to be submitted. Submit sheets monthly!
Member Comments: Mr. Savo reported on his "wellness check" of DSC's resident groundhog "Doofus" after the February Groundhog Day shoot. As in past years Doofus was not happy being showered with exploding diet soda bottles. So, Doofus exited the range that day and burrowed his way to archery as he heard they may have beer on site.

New Business: None.
Monthly member drawing: Al Perez, was not in attendance.
50/50 drawing: Won by Bob LaBounty

Old West Artists – George Catlin (1796-1872)

George Catlin became the first significant artist to document western tribal groups and their way of life. His mother had been captured by Native Americans as a little girl and he grew up hearing thrilling tales of frontier adventures.

He briefly practiced law, but he later yielded to his passion for art. After teaching himself to paint, he moved to Philadelphia to establish himself as a portrait painter. In 1824 on a tour of the East, Catlin encountered a group of 15 western chieftains that he determined to preserve on canvas as the Native Americans of the West before they became "corrupted by civilization".

In 1832, Catlin embarked on the American Fur Company's new steamboat, *Yellow Stone*, on a trip up the Missouri River to western trading posts. As he came across new tribes, he sketched and painted rapidly, producing as many as six works in a day. He produced portraits with intricate details, of dress, equipment, decoration and hairstyle. He also recorded village scenes, encampments, religious ceremonies and domestic activities. Sensing his admiration for them, tribe members readily accepted him as the "great medicine painter".

In six years, Catlin produced more than 600 scenes and portraits of 48 tribal groups. His works were a timely endeavor because smallpox and other diseases, along with warfare with the Europeans, had already taken a terrible toll of the Native American tribes. The way of life Catlin recorded would soon vanish. Even though he was not a technically accomplished artist, the exotic nature of his subject matter was very appealing to the general public.
